#### **BENCHTOP / AUTOCLAVE**

BASE

Priorclave's Base range covers "the basics": media preparation, waste loads, and sterilising loose instruments, open containers, and labware. These high-efficiency cylindrical-chamber frontloading tabletop autoclaves are well suited to smaller research, quality assurance, and teaching labs. Easy maintenance and light resource consumption help ensure a low lifetime cost of ownership. Base Benchtop models enjoy the same robust design, custom build, and quality components as our other models and ranges. Base models include fully programmable cycle customisation, "media warming," integrated cooling and freesteaming systems, and drain protection.

## SPEAK WITH AN AUTOCLAVE EXPERT

+44 (0)20 8316 6620 • priorclave.co.uk • sales@priorclave.co.uk

Our highly trained service technicians provide dedicated pre- and after-sales support including planned maintenance programmes to ensure you get the most from your Priorclave.

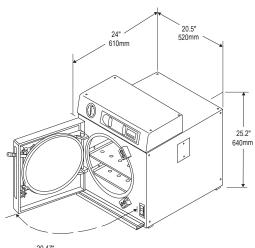

## **KEY FEATURES**

- Quickseal single-action door fitted with thermal and pressure locks to prevent opening at load temperature above 80°C and pressures above 0.2 bar.
- Tactrol<sup>®</sup> 3 microprocessor control with simple and fully variable setting of process time, temperature with graphic indication of cycle status.
- Automatic timed free-steaming.
- Forced Air Cooling.
- Media Warming and Delayed Start functions keep autoclaved media at a usable temperature ready for immediate use.
- · Low water level sensor.
- Two loading shelves.
- Epoxy coated panels and frame members are treated with an anti-bacterial agent which is effective against all bacteria and fungi including MRSA.
- Pressure vessel carries a 10 year warranty and is insurance approved.
- Service and support direct from manufacturer (or appointed distributor).

Complies and conforms to relevant international standards including CE & UKCA marking for European PED 2014/68/EU, PD5500:2000 Cat.3 & BS2646-2021. EMC compliance tested and CE/UKCA marked for BS EN 61000 & BS EN 61326.
